

SONOCUBIC

JUST 3D™

Just amazing!

**SECOND GENERATION
3D / 4D ULTRASOUND™**

Just 3D is the perfect solution for busy practices where reliable results and high patient throughput are important.

This second generation technology can produce premium quality 3D images and 4D animations with a high rate of reliability, all while the ultrasound user is performing a conventional 2D exam.

 **Manufactured by Medge Platforms Inc.**

Just 3D exclusive volumetric technologies

- **Scan and See™**

Unique process to obtain perfect and immediate 3D images, one after another, without even touching the keyboard.

- **Anatomic Box®**

Clever intuitive 3D navigation using 2D landmarking. Marking anatomic points on the 2D image simply makes 3D ultrasound easier.

- **4D Cine™**

Just 3D generates high resolution movie of the fetal animation.

- **Stereoscopy Imaging™**

Amazing display technology to feel the sense of depth. Experience the ultimate realism of volumetric ultrasound with SONOCUBIC JUST 3D anaglyph glasses!
